In conjunction with Los Cabos Magazine and Los Cabos Visitor's Guide, Tyson Promotions is pleased to offer "Prepaid Vouchers" for various businesses in the Los Cabos area. You can save on activities such as diving, sportfishing, horseback riding, golf and tours. Save also on lodging, car rentals, restaurants, shopping, special events and spas. The price you pay for these Prepaid Vouchers reflects a discount from 10% to 35% of the face value of the coupons depending on the amount you buy. Simply select the amount that fits your needs.

**OCTOBER 2002**

# How this program works

We sell advertising space in **Los Cabos Magazine** and **Los Cabos Visitor's Guide**. Some of our advertising clients choose to participate in this program by trading goods and services for a portion of the total advertising cost. We charge a slightly higher rate for trade than we do for cash. This allows us to offer discounts of up to 35% to our clients that purchase these Prepaid Vouchers to help pay for their vacation.

You can purchase Prepaid Vouchers from our office in Cabo San Lucas when you get into town. It helps to call our office first to make sure someone will be there, rather than just stopping by. Sometimes our vouchers sell out quickly and may not be available in the Cabo San Lucas office unless reserved or purchased in advance.

Amount of Prepaid Vouchers	Percentage to Pay for vouchers	Discount Percentage
\$100 - \$250	90%	10%
\$251 - \$500	85%	15%
\$501 - \$750	80%	20%
\$751 - \$1,000	75%	25%
\$1,001 - \$1,500	70%	30%
\$1,500 and above	65%	35%

# Prepaid Vouchers

Each coupon will be serial numbered and signed or stamped by the participating business. These Prepaid Vouchers will be accepted in payment for activities, beverages, lodging, meals, merchandise and services by the participating businesses just like cash or travelers checks. Different Prepaid Vouchers are printed for each of the participating businesses. These Prepaid Vouchers are available in denominations of \$5, \$10, \$20, \$50 and \$100 U. S. dollar values depending on the price points for the businesses.

## For Example...

You decide to purchase \$600 of Prepaid Vouchers. First, choose the businesses where you wish to use the Prepaid Vouchers. If you choose six different restaurants, you would need an average of \$100 worth of vouchers for each restaurant. The discount you will receive is calculated by multiplying \$600.00 by 20%. The result is your savings of \$120.00. You pay only \$480.00 (\$600 minus \$120 equals \$480) and receive \$600.00 worth of Prepaid Vouchers for those businesses. (Check the table on the previous page).

## Refund Policy

We are able to give a refund for any unused vouchers. To receive a refund the following terms and conditions apply and the vouchers must be returned to our USA office.

1. Vouchers must be undamaged, in saleable condition and not signed on the back.

2. Vouchers must be returned with 30 days of your returning home from your trip.

3. A copy of the sales order or invoice should be included with the return.

4. If the amount of refund requested lowers the percentage rate that would apply for the resulting voucher order, your refund will be adjusted to reflect the change in the discount category.

5. Refunds are handled as quickly as possible but can take up to 7 working days to process.

6. Refunds are given in the manner in which payment was received.

## Groups

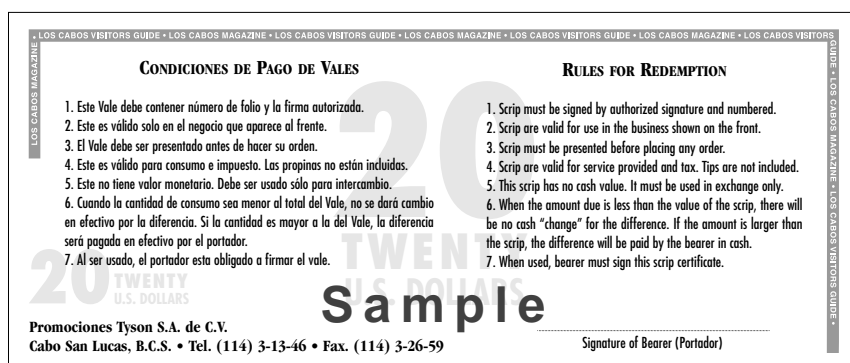

For large groups, we suggest that each person buy a supply of vouchers that would represent that person's individual taste and spending desires.

## Reservations

We have found that there is less confusion if reservations are made directly with the business providing the service. We will provide as much information as possible to make that process easier. Please note that if you already have hotel reservations and have paid a deposit or paid the full rental amount you should not expect the hotel to accept our vouchers and give a refund of amounts paid to them. If you have only paid a cash deposit the hotel may accept the vouchers for the balance remaining.

# Frequently Asked Questions

## Do I have to buy \$1,500 for one place to receive the 35% discount?

No. Vouchers for various places can be grouped together to get a bigger discount. You might need \$500 for golf, \$600 for dining (\$100 each for six different restaurants), \$200 for shopping (\$50 to use at four different stores) and \$300 for the Spa, for a total of \$1,600 in Prepaid Vouchers. You would get the 35% discount for your total Voucher purchase.

## What happens if I don't use all the vouchers I purchased?

You can return any vouchers that you do not use for a full refund. See our refund policy for more details.

## How do I use the Prepaid Vouchers?

Our Prepaid Vouchers will be accepted in payment for activities, beverages, lodging, meals, merchandise and services by the participating businesses just like cash or travelers checks. Different vouchers are printed for each of the participating business.

## How do I receive the Prepaid Vouchers?

The vouchers will be sent to you via US mail upon receipt of your payment.

## I'm leaving for Cabo in a few days, how can

## I get the vouchers in time?

We have an office in Cabo San Lucas. You can arrange to visit that office in person or have someone deliver the vouchers to you once you check into your hotel.

## If I buy \$1,500 of vouchers, can I use them at any one of the participating companies or do I have to buy a certain amount for each company?

No. You would need to buy a specific amount of vouchers for each business. Each of the participating businesses have their own specific vouchers printed with their own logo and information.

## How do I know how much to buy?

You would need to review the web page for each place you are considering and determine the costs involved. For restaurants, we have a menu section that shows prices or various items served. Our activities pages show what prices are charged. The hotel section has the current room rates. The cost of tee times at the various golf courses can be found in our golf section. You need to do a little bit of planning to come up with your total.

## If I run out of vouchers while in Cabo, can I purchase more?

Certainly. We have an office just a few minutes

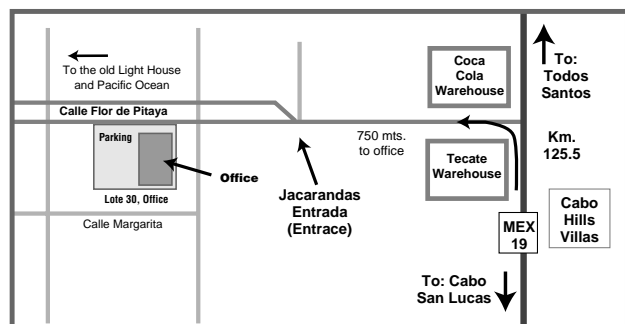

outside of Cabo San Lucas on the road to Todos Santos. You can purchase more vouchers from that office. Any vouchers you purchase in Cabo will be added to your previous total in calculating the discount you pay for the new vouchers. If you are already at the 35% level, an additional purchase of \$200 would still be discounted by 35%.

## If I find out that I have too many of one particular voucher and too few of another, can I make an exchange?

Yes. We have an office just a few minutes outside of Cabo San Lucas on the road to Todos Santos. You can exchange unused vouchers for other vouchers that you want at that office. There are no charges for this exchange.

## Why do you sometimes run out of Prepaid Vouchers for a particular business?

We sell advertising space in our various publications. Some of our clients pay for that advertising with barter or trade for their products or services. The amount of vouchers we have to offer for sale depends on the amount of advertising each business chooses. For example; if a business purchases advertising space that would cost \$2,000 in trade, he would pay for that advertising space by signing various Prepaid Vouchers that would total \$2,000. We then have \$2,000 in vouchers to offer in our Prepaid Voucher Program.

Call our office first to make sure someone will be there, rather than just stopping by. Sometimes our vouchers sell out quickly and may not be available in Cabo unless reserved or purchased in advance.
